

# EXCHANGE.Sync

- 

### E-Mail Import

  - Automatic or manual import of sent or received e-mails from Microsoft Outlook into SMARTCRM
- 

### Contact Sync

  - Automatic contacts synchronization between SMARTCRM and Microsoft Exchange
  - Definition of contacts to be synchronized by rule/markings
- 

### Appointment Sync

  - Automatic synchronization of appointments between SMARTCRM.Organizer and Microsoft Exchange including address and contact links
  - Takeover of the "private" categorization
- 

### Outlook categories

  - Support of Microsoft Outlook categories
- 

### SMARTCRM connection

  - Open an associated SMARTCRM customer file out of Microsoft Outlook
- 

### Central service

  - Central server service, no installation required on PCs or smartphones
- 

### No login

  - No logged-in user required on the server
- 

### Configuration

  - Individual adaptation of the synchronization settings

## Central instead of local

SMARTCRM easily cares for the synchronization of your communication and contact data between the CRM solution, Microsoft Outlook and your smartphone over Exchange Sync.
